

Grupo Negaça Capoeira UK

Photography/video policy and consent form

2018 Summer Term, including Batizado 2018

In accordance with our child protection policy Grupo Negaça Capoeira UK (GNC) will not permit photographs, video or other images of young people to be taken without the consent of the parents/carers and the child. Photography is not a common occurrence at classes but it may be more likely at a festival or grading ceremony.

Our policy is based upon the recommendations of the NSPCC Child Protection in Sport Unit

[<https://thecpsu.org.uk/resource-library/2013/guidance-on-photographing-and-videoing-children-in-sport/>] -

"Parents/carers often want to be able to celebrate the achievements of their children when taking part in sporting activities through taking photographs or films. Sports organisations may also want to promote their activities to encourage increased participation. The Child Protection in Sport Unit does not advocate the banning of photography and the use of images and videos of children, but recommends that appropriate and proportionate safeguards should be in place to ensure a safe sporting environment for children and young people."

We recognise that there are different types of acceptable photo/video that may be taken in a capoeira setting by parents or professionals:

- 'Wide angle' photos of a class or event, which do not readily identify a particular child; photos where children are in the background
- Photos that focus on one or two children playing a capoeira game
- Group photos
- Close-up photos of children's faces

Policy for parents, professionals and designated photographers of the GNC group:

- Names and detailed information about the children should not be released with the photo.
- Children in photographs should be wearing sports clothing or capoeira uniform.
- Images should not show inappropriate/revealing circumstances.
- Images should positively represent the sport, e.g. children smiling and enjoying themselves.
- Parents and children should be told that photography is taking place on each occasion.
- If a parent or child asks to not be photographed at the time, the photographer must respect their choice.

Grupo Negaça Capoeira UK will take all steps to ensure images taken on our behalf are used solely for the purposes they are intended, including (but not limited to): for illustrative purposes on our websites, advertising material, t-shirts. If you become aware that these images are being used inappropriately you should inform Mestre Chitãozinho (head of GNC) or one of the GNC teachers immediately.
